1. Mr. Corbin Allardice, Executive Director of the staff of the  
Joint Congressional Committee on Atomic Energy, called [REDACTED]

25X1A

[REDACTED] to request that CIA make available to the Committee

25X1A

[REDACTED] any pertinent information it might have concerning [REDACTED]

25X1A

[REDACTED] nominee to be a member of the Atomic Energy Commission, with par-

25X1A'

ticular emphasis on any relatives [REDACTED] or his wife might have

[REDACTED] abroad. [REDACTED] referred the matter to me, and I discussed it with

25X1A'

Col. Edwards. I then learned that Sen. Hickenlooper had already called

the DCI regarding [REDACTED] [REDACTED] Willard

[REDACTED] The DCI informed the Senator that any information which we

might have was made available to the FBI and the FBI files were reportedly

available to the Committee for study in connection with the nominations.

I therefore passed the same reply on to Mr. Allardice.
